

An Timpeallacht

An maith leat ag siúl nó ag rith? An maith leat ag dul go dtí an trá nó na sléibhte? An bhfuil páirc deas le crainn mór in aice le do teach? An dtaitníonn leat ag féchaint ar éan ag eitilt nó iasc ag snámh. An dtaitníonn leat ag éisteacht le sruthán ag rith síos cnoc?

Do you like walking or running? Do you like going to the beach or the mountains? Is there a nice park with large trees beside your house? Do you enjoy watching a bird fly or fish swim? Do you enjoy listening to a stream run downhill?

Tá na rudaí seo ar fad go hálainn. Ach, caithfimid aire a thabhairt dóibh. Má úsáideann tú a lán fuinnemh, má fhagann tú na soilse ar lasadh, má théann tú gach áit i do charr agus má chaitheann tú ábhar atchúrsála sa ghnáth bhruascair, tá tú ag déanamh damáiste don timpeallacht agus don domhan.

These things are all beautiful. But, we have to take care of them. If you use a lot of energy, if you leave lights on, if you go everywhere in your car and if you throw recycleable material in the normal bin, you are damaging the environment and the world.

Bí go deas don timpeallacht. Píoc suas bruascair, siúl nó rothaigh más féidir leat, múc na soilse. Tá na rudaí seo tábhachtach. Iarr ar do chairde agus do thuismitheoirí an rud céanna a dhéanamh. Le chéile, is féidir difríocht ollmhór a dhéanamh.

Be nice to the environment. Pick up rubbish, walk or cycle if you can, turn off lights. These things are important. Ask your friends and parents to do the same. Together, we can make a huge difference.
