

An Unusual UFO

Put together an amazing collage of a UFO taking off from a faraway planet.

Draw a UFO on black paper with a crayon. Stick on silvery pictures cut from old magazines.

Find pictures of machines in magazines to cut up for each part of the UFO.

Carefully cut out the finished UFO shape. Then glue it on to the middle of the pink card.

PAINT TIP

To make the steam, dab some cotton wool into a pot of undiluted white paint. Then dab the paint in swirls on to the pink background card, below and around the UFO. Try to make the steam thicker along the bottom of the card and a little bit wispier as it rises.
