

Oral Irish Lesson – Mé Féin (Myself)

I've recorded myself answering the following mé féin questions. Most of it is true but in some parts I answered with information more suitable for you guys.

For this lesson I want you to:

- A. Listen to the recording a few times and follow the questions and answers I've written.
- B. Next, try to read along with the recording as it plays.
- C. Then begin to ask yourself the 5 questions without the recording and answer them using your own information/answers (You can write these first if you like). This will take some work to figure out your answers and a lot of practice to be comfortable saying them.
- D. Finally, record yourself on Seesaw the same way I did. Ask yourself the question and then say your answers. You can do this last bit with or without notes to help you, whichever you prefer. Remember, your answers can be as long or as short as you like. Just try your best.

NOTE: This lesson should be practiced over a number of days. Spend a bit of time practicing it each day and only record yourself on Thursday or Friday when you have given yourself time to learn and improve at it.

1. Cad is ainm duit agus cén aois tú?
