Postcard from Disneyland California

Choose a family member of friend to write a postcard to about your school tour to Disneyland California. Tell them about your favourite rides and the best part of your day. Write your message on the left handside of the postcard. Write the address of who you are sending the postcard to on the right hand side of the postcard. In the small box on the top of the righthandside, design an Amierican stamp. When you are finished, draw a picture on the front of your postcard.
