

Theme 9 – Morality Lesson 1

**TREAT OTHERS AS YOU WOULD LIKE TO BE TREATED**

**Think about it;**

- Do you always treat others well?
- If you saw someone treating a person you love badly, how would you feel?
- Are there times when you hurt the feelings of others by your words or actions, or fail to show them the respect they deserve?

**Write or draw about how best to speak and behave in order to make someone feel respected. Include examples of kind words you would use and the kinds of actions you would take to show your respect.**

***The Real Me!***

*Masks are not just for Halloween,  
In daily life they go unseen.  
We're afraid to let others see  
Exactly what makes 'me' me.*

*We hide our worries and our fears,  
We hide our sadness and our tears.  
We pretend to others that we're okay,  
Even when we've lost our way.*

*We look at people so happy and strong,  
We wonder where we've gone wrong.  
We forget that behind the masks we see,  
Others may struggle like you and me.*

*So let's remove the masks we wear,  
And trust that others do really care.  
What a world it would surely be  
If you could you and I could be me.*
